## CONNECTING SYSTEMS

How Apprise Help ?

Apprise is an application developed by OfferPlant Technologies Private Limited after 3 years of market research. Institutes wants to grow and open their own branches with same name to utilize their *brand value*. Apprise provides solution of this type of problem. It is really not possible to provide same type of situation in all centers. But centralized registration, books, study materials, audio lecture, video lecture, identity cards, examinations, certificates, marks sheets, virtual tour etc. can be provided on same time to all centers.

Who We Are ?

OfferPlant Technologies Private Limited is an IT solutions company based in Bihar and consistently builds information bridges between technology and business processes with a vision to deliver prompt and effective IT Services of international standard since 2014.

Our aim is to establish strong customer value across the globe. We can help you determine the right architecture to meet your technical and business needs, and can help you for getting right solution.

We provide you the opportunity to manage and operate your business online from any corner of the world through your website.
